

Light of Pentecost

St. Louise de Marillac

Words and music by Sr. Trinidad Segura, D.C.
(adapted from Spanish)

It happened in a moment's time, In a struggle of her faith
Flooded by the grace of God, Louise received the Light
Urged and pressed by charity Louise was freed from doubt
Christ would always guide her, and something new was born
Trusting in her God, she would seal her love.
The Spirit surrounded her with his love
God revealed his plan, his promise was fulfilled
To the poor she would go, and find her call

Light of God, enlighten us / To do Your holy will / In the way of St. Louise
Move us by your charity / inspired by your love / Committed to humanity
Holy Spirit come, fill us / May the boldness of love / Inspire our service!

Joined by other women, she came to understand
In the comings and the goings
the heart of mission w
ould be known
Her pain changed to love, and her haste was changed to calm
With the coming of this light
Louise was transformed

Light of God, enlighten us / To do Your holy will / In the way of St. Louise
Move us by your charity / inspired by your love / Committed to humanity
Holy Spirit come, fill us / May the boldness of love / Inspire our service } (2x)
